By submitting this form you are requesting to become an EDI Certified vendor to Yazaki North America, Inc. (YNA). Being an EDI Certified vendor entails certain legal obligations as set forth in your Purchasing Agreement with YNA. It also obligates you to meet the communications standards and electronic document formatting requirements for EDI documents as set forth in the YNA EDI Guidelines as issued and periodically updated by Yazaki North America, Inc. As such you will be expected to conduct EDI Testing with YNA to determine the capabilities of your EDI software and business processes. This testing may be repeated periodically at the sole the discretion of YNA in order to determine your on-going compliance with our EDI standards and business practices.

EDI Request and Testing Reservation Form

**** For SAP Version 5050 Testing ****

What is your YNA assigned SAP Vendor ID Number? _____

Who is your YNA Materials Purchasing Analyst? _____

(This is the person that issues your releases to you each week and that you contact whenever you have questions.)

Please enter three **Friday** dates in the table below to indicate when you would like to begin your EDI Testing with us. Please enter your primary requested EDI testing date in the first row of the table. Also indicate two alternate dates in the following two rows:

1	
2	
3	

NOTE: The testing dates you enter above are the dates on which your first test 830 will be generated and transmitted. A maximum of five vendors can be tested each week. All testing weeks will be reserved on a "first come, first served" basis. Every reasonable effort to schedule each vendor for their primary requested EDI testing date (row #1 above) will be made. A confirmation of your EDI testing week reservation will be sent via e-mail to the above EDI Contact. Should any of the dates entered above not fall on a Friday, the Friday date of that same week will be assumed.

Please answer the following questions about your EDI software package:

What is the name of your EDI software package?

If your system is written entirely in-house please write "IN-HOUSE" and skip the next question.
(example: Trusted Link/iSeries, FutureThree, Trans4M, CARas, etc.)

Who is the manufacturer/supplier of your EDI software?

(example: Inovis, Agilisys, INFOR, Radley, etc.)

Is your EDI translation software able to translate ANSI X-12 standard documents at the version 5050 level?

Is your EDI translation software able to automatically generate a 997 Acknowledgment in response to the receipt of an inbound 830?

Is your EDI translation software able to receive a 997 Acknowledgment from your EDI trading partners?

Which of the following Value Added Networks (VANs) do you currently communicate with?

(Please mark all that apply. Your Mailbox ID is required so that a VAN interconnect can be established if necessary.)

Note: YNA uses Sterling Commerce.

Covisint: ☐

GEIS: ☐

G-International (was IBM Advantis): ☐

Sterling Commerce: ☐

Other: _____

Mailbox ID: _____

Mailbox ID: _____

Mailbox ID: _____

Mailbox ID: _____

Mailbox ID: _____

When sending EDI documents, what values for the following Communication IDs and Qualifiers do you use to identify yourself?

ISA05: (Interchange Sender ID Qualifier)

ISA06: (Interchange Sender ID)

GS02: (Application Sender's Code)
